Me having a terrible day

- Most individuals (including me) are sleepwalking through life.
- When we numb out, we are sleepwalking.
- When we are only focus on ourselves, our eyes are closed
- When we seek only material wealth above all, we are blind.
- Everything that is happening around us and within are created by our mind.
- We are the creator, driver, observer, & actors in the movie called "life".

- There is NO me, you, they, he, she.
- You are one.
- You are the creator.
- You are the god.
- You are me. I am you.
- It's almost like a piece of you is always changing, changing into a new outfit.
- It's infinity merging into ONE.
- When you wish harm on me/others, you are wishing harm onto yourself.

- There are no coincidences because you knew it was going to happen.
- There is no you, me, we...just ONE.
- There is no good nor bad.
- You don't run from challenges nor seek out pleasure.
- You experience for the sake of experience.

Everything that has happened, is happening, will happen are created by your thoughts. To change the inner and outer, you must change your thoughts.

I'm not sure if it is the Pisces in my chart, Neptune, or Uranus, but I love to daydream. All through my childhood, teens, 20's, I had rich, vibrant, prosperous daydreams. As I got older, they stopped. Then in early 2021, they started again in earnest.

Here is the interesting part.

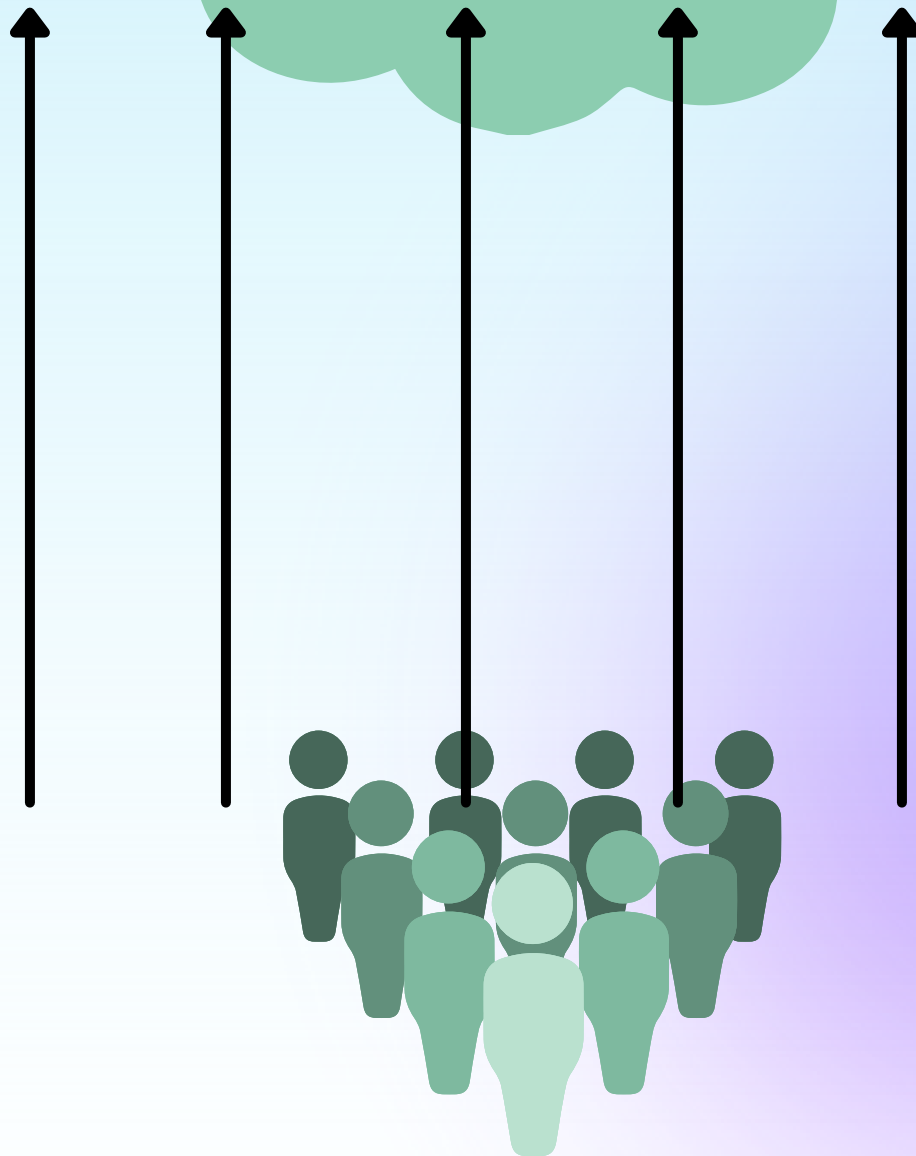

I used to dream about meeting a boy, becoming rich, or finding a dream job. This time...depopulation, advanced technology, lost (written) history, a new world, a new order, an elite class, not quite slaves, but less freedom.

WAIT...wait for the interesting part.

I stuck my head out in July/August. I have been in my own head, la la land, self-imposed hermit cave...and guess what was the first thing I heard?

If you don't like what
you see in the world,
you have the power to
change it.

What thoughts are you
adding to the Universal
Consciousness?

Website: susanmchu.com/
Email: susan@susanmchu.com

- YES!!! This can be all consuming...being aware all the time...HOLY SMOKE, I'M TIRED!!!
- BUT if you don't dream a new dream, what will happen to your kids and grandkids?
- If you don't have or find the time to dream a new dream, someone (another aspect of you) will dream a new dream that might not be to your liking.
- We need to be consciously aware of all the details in a dream.
- Every details will be and every "missing" details will be born by someone else.
- A new reality is coming.

Website: susanmchu.com/
Email: susan@susanmchu.com

- Love & fears are just words. Nothing more. Nothing less.
- Imagine if kids were taught to embrace fears as lessons rather than flee from them,
- You experience for the sake of experience.
- WHAT EXPERIENCES DO YOU WANT YOU TO EXPERIENCE?
- To change your inner and outer world, you need to change how and WHAT you think.
- Your hopes, your dreams, your ideas, your inspiration, your vision all need to be uploaded and RESET the Universal Consciousness.
- You and every piece of you through galaxy, time, and space need to change the current trajectory.

A Conversation with my Higher Self

I want \$1,000,000

Okay. What about your neighbors & friends? Will they get a \$1M too?

Of course!

What is the money for?

To buy a house.

If everybody gets \$1M, would houses be selling for \$1M?

Hmm... I want a house.

Will you neighbors & friends also get a house?

Of course, No one should be homeless.

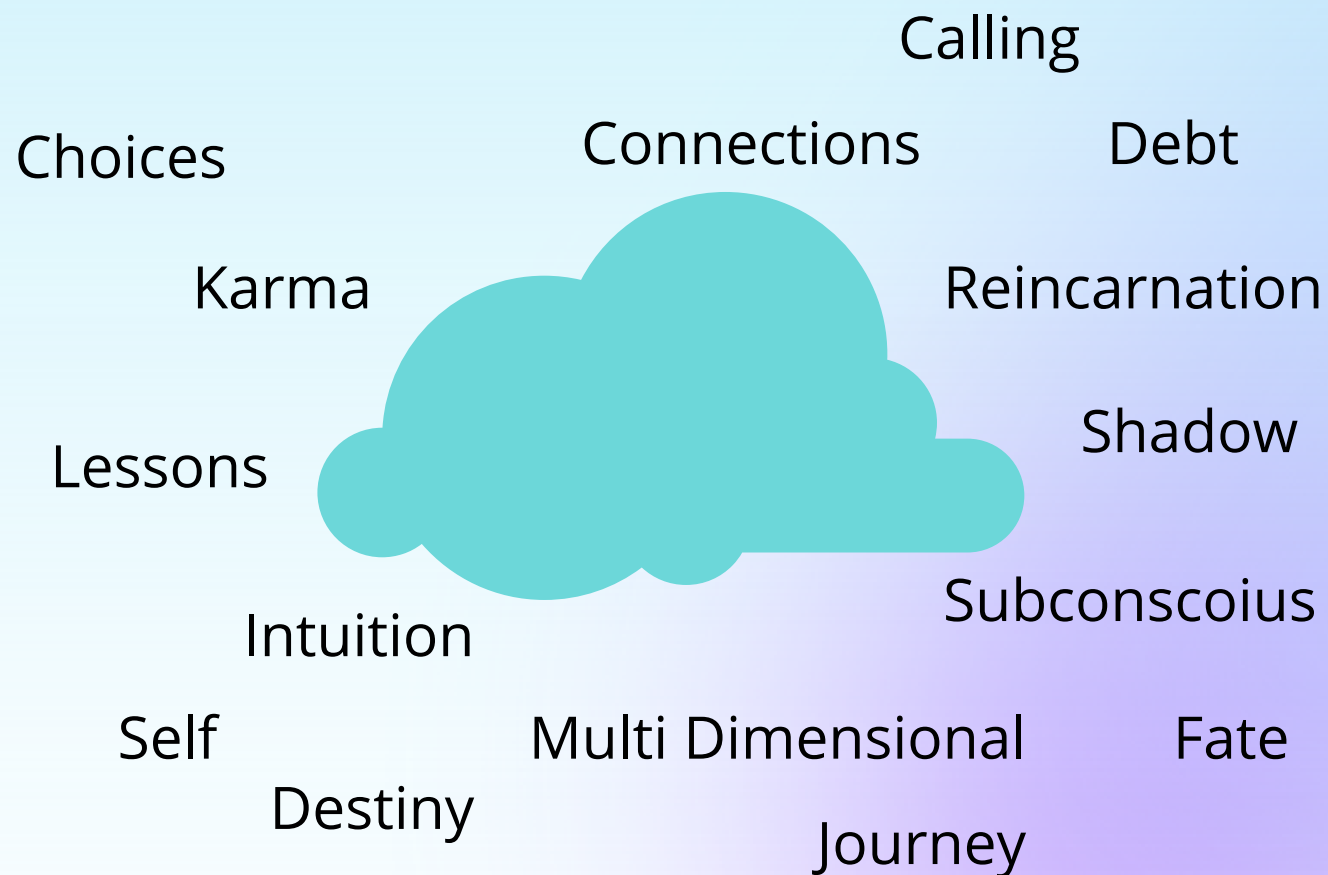

We need to be precise with our word, dreams, vision, thoughts
